SECTION 1

RULES

ITEM

BILL of LADING, GENERAL

This Rules Tariff is an integral part of the Bill of Lading Contract and of all contractual relationships of the carrier. This Rules Tariff contains the Terms and Conditions specifically governing the Bill of Lading, Loss and Damage Claims, Overcharges, Undercharges and related matters. Refer exclusively to this Rules Tariff to determine the process and time limitations in effect. If there is a conflict between the carrier's Tariffs and Contracts and any governing publication, or any bill of lading or other shipping document prepared in connection with a shipment, the carrier's Tariffs and Contracts will control and govern the movement of goods.

Unless otherwise agreed to in writing, Contract Terms and Conditions shall be those as indicated in the carrier's bill of lading as governed by the carrier's Rules Tariff and Contracts in effect on the date the shipment was tendered to the carrier. ONLY carrier personnel with titles of CEO, President or Vice President are authorized to agree to alternate contract terms and conditions and the use of an alternate bill of lading referencing such terms and conditions. NO other person(s) are authorized. Where a bill of lading other than the carrier's bill of lading, issued by the shipper, is signed for by the carrier's driver or other person(s), that signature ONLY acknowledges receipt of the freight and identifies the entity to deliver. It is NOT a contract for the carriage of freight. Continued use of an unauthorized bill of lading by the shipper will NOT constitute an implied acceptance by the carrier.

All references made to Rates or 'Rates on File mean rates contained in the carrier's files. Such rates shall be available to shippers on request to the extent that they apply to the shipper.

Any alteration, addition or erasure in the carrier's bill of lading which is made without the special notation thereon of the agent of the carrier issuing this bill of lading, shall be without effect, and the bill of lading shall be enforceable according to its original tenor.

§ Any party requesting a copy of a particular Bill of Lading will be assessed \$5.00.

Please also see Section 2 of this Rules Tariff, "Bill of Lading Contract Terms and Conditions'.

The carrier has specific limitations to liability under common law which are outlined in the Bill of Lading Terms and Conditions contained herein. Carrier liability for loss or damage to any shipment, or any part thereof, is, limited to the actual value of the articles(s) lost, damaged or destroyed or \$1.00 per pound (per pound per article(s) lost damaged or destroyed, whichever is less) on LTL shipments when rated using current class rates and Tariff. The released value shall be deemed to relate separately to the gross weight of each shipping package or to the weight of each loose article, and not to the shipment as a whole. In case of loss or damage to a portion of a shipment the amount recoverable will be the released value multiplied by the gross weight of the article or package, but not more than the actual loss or damage. Shippers declaring valuation in excess of \$ 1.00 per lb. will be assessed line haul charges of •\$0.65 per \$100.00 of the declared value in addition to regular charges. Released valuations in excess of \$ 1.00 per pound must be specifically and prominently shown on shipping documents and either the term "Released value not exceeding" or the abbreviation "RVNX" may be used, followed by the total released value or released value per pound, in dollars and cents, together with the actual weight applicable to such released valuations. Liability for loss, damage or destruction to any shipment or part thereof which is considered "used", "reconditioned" or refurbished shall move at a released value not to exceed \$0.50 per pound. Failure of the shipper to provide an accurate commodity of "other than new" shall not alter the application of this item. Carrier does not provide or furnish excess declared value insurance or excess liability coverage and declaring request for same on the bill of lading shall have no effect to carrier. Corrected bills of lading or letters of authority to change or add valuation after delivery of the shipment shall not be accepted by carrier to determine liability.	600 •

BILLS of LADING

I 2100

BILL of LADING CONTRACT TERMS and CONDITIONS:

Sec. 1. (a) The carrier or the party in possession of any of the property described in the carrier's bill of lading shall be liable as at common law for any loss or damage thereto, except as hereinafter provided.

(b) No carrier shall be liable for any loss of or damage to a shipment or for any delay caused by an Act of God, the public enemy, the authority of law or the act or default of the shipper. Except in the case of negligence of the carrier or party in possession, the carrier or the party in possession shall not be liable for loss, damage or delay which results: when the property is stopped and held in transit upon request of the shipper, owner or party entitled to make such request; or from faulty or impassable highway, or by lack of capacity of any highway, bridge or ferry, or from a defect or vice in the property, or from riots or strikes. The burden to prove freedom from negligence is on the carrier or the party in possession.

Sec. 2. Unless arranged or agreed upon in writing, prior to shipment, the carrier is not bound to transport a shipment by a particular or in time for any particular market, but is responsible to transport with reasonable dispatch. In the case of physical necessity, the carrier may forward a shipment via another carrier.

Sec. 3. (a) As a condition precedent to recovery, claims must be filed in writing with the carrier as provided herein.

(b) Claims for loss or damage must be filed within six months after the delivery of the property (or, in the case of export traffic, within nine months after delivery at the port of export), except that claims for failure to make delivery must be filed within nine months after a reasonable time for delivery has elapsed.

(c) Suits for loss, damage, injury or delay shall be instituted against any carrier no later than two years and one day from the day when written notice is given by the carrier to the claimant that the carrier has disallowed the claim or any part or parts of the claim specified in the notice. Where claims are not filed or suits are not instituted thereon in accordance with the foregoing provisions, no carrier shall be liable, and such claims will not be paid.

(d) Any carrier or party liable for loss or damage to any of said property shall have the full benefit of any insurance that may have been affected, upon or on account of said property, so far as this shall not void the policies or contracts of insurance, PROVIDED, that the carrier receiving the benefit of such insurance will reimburse the claimant for the premium paid on the insurance policy or contract.

Sec. 4. (a) If the consignee refuses the shipment tendered for delivery by the carrier or if the carrier is unable to deliver the shipment because of fault or mistake of the shipper or consignee, the carrier's liability shall then become that of a warehouseman. The carrier shall promptly attempt to provide notice, by telephonic or electronic communication as provided on the face of the bill of lading, if so indicated, to the shipper or the party, if any, designated to receive notice on this bill of lading. Storage charges, based on the carrier's provisions in effect, shall start no sooner than the next business day following the attempted notification. Storage may be, at the carrier's option, in any location that provides reasonable protection against loss or damage. The carrier may place the shipment in public storage at the owner's expense and without liability to the carrier.

(b) If the carrier does not receive disposition instructions within **48** hours of the time of the carrier's attempted first notification, the carrier will attempt to issue a second and final confirmed notification. Such note shall advise that if the carrier does not receive disposition instructions within 10 days of that notification, the carrier may offer the shipment for sale at a public auction and the carrier has the right to offer the shipment for sale. The amount of sale will be applied to the carrier's invoice for transportation and other lawful charges. The owner will be responsible for the balance of charges not covered by the sale of goods. If there is a balance remaining after all charges and expenses are paid, such balance will be paid to the owner of the property sold hereunder, upon claim and proof of ownership.

(c) Where the carrier has attempted to follow the procedures set forth in subsections 4(a) and (b) above and the procedure provided in this section is not possible, nothing in this section shall be construed to abridge the right of the carrier at its option to sell the property under such circumstances and in such manner as may be authorized by law. When perishable goods can not be delivered and disposition is not given within a reasonable time, the carrier may dispose of property to the best advantage.

(d) Where the carrier is directed by the consignee or shipper to unload or delivery property at a particular location where the shipper, consignee, or the agent of either, is not regularly located, the risk after unloading or delivery shall not be that of the carrier.
